

GRS Exemplar Global Certified ISO 14001 Lead Auditor

The ISO 14001 Lead Auditor training enables you to develop the necessary expertise to perform a Environmental Management System (EMS) audit by applying widely recognized audit principles, procedures and techniques. During this training course, you will acquire the knowledge and skills to plan and carry out internal and external audits in compliance with ISO 19011 and the certification process according to ISO/IEC 17021-1.

Based on practical exercises, you will be able to master the audit techniques and become competent to manage an audit program, audit team, communication with customers, and conflict resolution.

Who should attend?

Auditors seeking to perform and lead Environmental Management System (EMS) certification audits.
Managers or consultants seeking to master an EMS audit process.
Individuals responsible for maintaining conformance with EMS requirements.
Technical experts seeking to prepare for an Environment Management System audit
Expert advisors in Environment Management
